TELEHEALTH CART SOLUTION

Visualize the Future of Connected Health

AVer | ADLINK | CAPSAHEALTHCARE

CARING WITHOUT LIMITS

The AVer Telehealth Cart Solution aims to streamline healthcare workflows by seamlessly integrating the AVer Medical Grade PTZ Camera, ADLINK All-in-One Medical Panel PC, and Capsa Healthcare Slim Medical Cart into a single mobile unit, creating an efficient All-in-One Telehealth Cart Solution for medical professionals.

ADVANTAGES

SUPERIOR IMAGE QUALITY

The solution's superior image quality enables informed healthcare decisions, positively affecting outcomes.

SIMPLIFYING THE WORKSPACE

The all-in-one solution reduces the necessity for various pieces of equipment, thereby creating more room for medical staff.

ASSISTIVE TO MEDICAL PROFESSIONALS

The detachable camera head enables efficient, clear viewing of hard-to-capture areas by bedside nurses for remote consultations.

GREATER SAFETY AND RELIABILITY

The solution ensures optimal protection against electrical and electromagnetic risks.

COMMON APPLICATIONS

Telemedicine

- Enhanced mobility for telemedicine sessions
- Better clinical decision-making from remote sites
- Various accessories to accommodate different needs
- Save time, costs & resources

A University Hospital in Kiel, Germany

Tele-intensive Medicine

- Capture every detail in the room to ensure patient safety
- Efficient virtual care realized by edge computing AI
- Fosters care coordination with real-time speed
- Slim design for high mobility and flexibility in ICU

Live Surgery Broadcast

- Wide-angle view of comprehensive surgical handling (ideal for education and training purposes)
- Two-way audio enables real-time teleconsultation
- Virtual collaboration between team members
