Edge Visualization

HMI boosts greater productivity and
reveals insight into the business in various fields

Automation

- Assembly Monitoring
- Machine Control
- Logistic System
- Data Visualization

Transportation

- Public Display
- Self-Check-In Kiosk
- Ticket Selling Kiosk
- Passenger Information

Retail

- Digital Signage/Menu
- Video Wall
- Self-Ordering Kiosk
- Information Desk

Healthcare

- Medical Imaging Device
- Diagnostic Display
- Pharmacy System
- Patient Monitoring

Gaming

- Casino Gaming Display
- Interactive POS
- Lottery Kiosk
- Voting Machine

ADLINK Value-Added Solutions

Scaler & Firmware

- Scaler board design
- Dedicated Firmware for Automation, Gaming, Medical DICOM
- Network Diagnostic
- Data Collection Functions

Mechanical Design

- Aluminum, Steel, Stainless Chassis
- Open, Closed Frame, Flat Designs
- Optional IP65/IP69 Solutions
- Panel, VESA Mount Design

Optical Enhancements

- High Brightness Treatment
- Backlight Thermal Design
- Optical Bonding (Direct / Air)
- Privacy, UV Filters Laminating

Touch Solutions

- All Touch Technologies
- Decal Printing
- Vandal Proof, Anti-Fingers Coating
- Multi-Touch, Gesture Control

"Why ADLINK's industrial monitor and panel PC solutions?"

ADLINK offers comprehensive industrial-grade touchscreen monitors and smart panel computers with in-house value-added customization through a one-stop solution service with our experts. Most importantly, ADLINK is the Titanium Tier of Intel® Partner Alliance and teams up with AUO® to ensure delivering solid-built product quality and assist customers to save considerable total cost of ownership (TCO) then being fast time to market.
